Course Description

This course examines cost behavior patterns, cost accounting systems for different entities, relevant information for decision-making, cost-volume-profit analysis, budgets, and standard costs for control and planning.

Course Overview

Like all accounting courses, this one is supremely awesome. This course, required for the major, is important as it provides a solid foundation in management accounting theory and application that will prepare students to continue as an accounting major. It further helps prepare you for the BEC (Business Environment and Concepts) section of the CPA Exam, the CMA exam, a graduate accounting program, and/or your career.

Instructional and Learning Methods

The course will include various types of instructional and learning activities.

Learning content will be facilitated using these instructional methods:

1. Lecture/Discussion
2. End of Chapter Assignments
3. In-class Group Work
4. Exams

The model for the course utilizes three segments: Aim, Learn, and Apply. The Aim section outlines the specific learning objectives for the course. The Learn section represents the readings and lectures. The Apply section calls for graded (exams) and ungraded (end of chapter questions, exercises, problems, and/or cases) assignments that will be used to evaluate your interest and performance in the course.

SEU Mission and Vision Statements

Mission Statement

Equipping students to discover and develop their divine design to serve Christ and the world through Spirit-empowered life, learning, and leadership.

Vision Statement

Southeastern University is anchored by Spirit-empowered education in a Christ-centered, student-focused learning community. Southeastern's global impact is marked by a deep commitment to transforming minds and engaging culture through the integration of faith, learning and service. Each student's divine design is nurtured and unleashed through the investment of faculty and staff, relationships within the community, the rigor of scholarship, diverse learning experiences and the discipline of spiritual formation, which propels students into a lifetime of serving the world in the Spirit of Christ.

In addition to our mission and vision statement, we hold fundamental truths about the Christian faith that include the following:

- The Scriptures are inspired by God and declare His design and plan for mankind.
- There is only one true God who is revealed in three persons: Father, Son and Holy Spirit (commonly known as the Trinity).
- Jesus Christ, as God's son, was both fully human and divine.

We are proud of our affiliation with the Assemblies of God and our Pentecostal tradition. We are also proud to be a welcoming community for

students from all Christian backgrounds and denominations. Our campus includes many Baptists, Presbyterians, Methodists, etc., as well as nondenominational students. Everyone shares a strong commitment to knowing Christ and making Him known, and we celebrate our theological similarities while appreciating our differences.

Refer to [Human Sexuality](#) for additional details related to What We Believe.

Sexual & Gender-Based Discrimination Syllabi Statement

Southeastern University is committed to creating an environment for every student to thrive academically spiritually and socially. An aspect of creating this culture is providing avenues for students to discuss and report any activity that may compromise this commitment.

Under a federal law known as Title IX, "no person in the United States shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any education program or activity receiving federal financial assistance" (Title IX of the Education Amendments of 1972).

While students should feel comfortable approaching faculty with issues they may be struggling with or concerns they may be having, students should know that all faculty and staff are required to report certain information about Sexual Misconduct and certain crimes to University administration, in order to help keep the University community safe, and to connect students to all of the resources and reporting options that are available.

For example, if you inform faculty or staff (in private or during class discussions) of an incident of Sexual Misconduct, that individual will keep the information as private as possible, but is required to bring it to the attention of the institution's Title IX Office. If a student would like to talk to the Title IX office directly, they can do so by e-mail at mpowell@seu.edu, by phone at 863-667-5236, or in person at Pansler U228. For more information about Title IX reporting options as well as confidential resources at Southeastern, please go to: <http://www.seu.edu/titleix>.

If you are struggling with an issue that is traumatic, unusually stressful, or results in disruptive behavior, faculty and staff will likely inform the Care Team. If students would like to reach out directly to the Care Team for assistance, they can do so at the Campus Counseling Center (<http://myseu.seu.edu/services/counseling-health-wellness-services/seu-care-team/>) located in Health Services in Smith Hall, by phone at 863-667-5205, or by e-mail at care@seu.edu.

Final Exam Policy Statement

Every professor is obligated to administer a final exam or hold an appropriate class during the regularly scheduled exam period. Every student is obligated to take the final exam or attend that appropriate class during the regularly scheduled exam period. Please plan accordingly and carefully for final exams. You must not plan vacations, ministry appointments, weddings, airline flights, or any other similar activity or engagement that will conflict with the final exam schedule. Also, do not schedule any of these activities so close to your final exam that the commute to the activity conflicts with the final exam schedule.

Final exams will be administered in the room where the class normally meets. Students with more than 3 exams scheduled on one day can petition the instructor and department chair/college dean to take one of the exams another day.

Please plan accordingly for final exams. You must not plan vacations, ministry appointments, weddings, purchase airline tickets, or any other similar activity or engagement that will conflict with the final exam schedule.

Attendance Policy and Class Participation

Students are both expected and encouraged to attend classes regularly. Attendance means arriving on time and being present in class with textbook(s), pen/pencil, paper, and allowable note-taking devices. The lack of attendance may affect a student's grade. For traditional fall and spring semesters, a student may miss a class without penalty equal to the number of times a class meets per week as follows:

1. If the class meets one time a week, a student may miss one class.
2. If the class meets two times a week, a student may miss two classes.
3. If the class meets three times a week, a student may miss three classes.

If a student's absences exceed the number of times a class meets per week, a professor may:

- Subject the student to a penalty of not more than one letter grade based on attendance alone.
- Recommend to the Provost that a student with excessive absences be withdrawn from the course.

Being tardy to a class also counts towards absences. Late arrivals are tracked as follows:

1. If the class meets one time a week, each tardy is one-half of an absence.
2. If the class meets two times a week, each tardy is one-half of an absence.
3. If the class meets three times a week, each tardy is one-third of an absence.

Technical Difficulties

Southeastern University is committed to providing a reliable online course system to all users. Disability Statement

Southeastern University is committed to ensuring equal access to all educational activities, academic programs and services as defined in Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990. The Office of Academic and Auxiliary Services coordinates accommodations for students with documented physical, learning, and/or psychological disabilities. To begin the process of requesting accommodations, please call 863-667-5283 or email adaservices@seu.edu.

Academic Honesty

Plagiarism is considered a serious academic offense at Southeastern. It undermines the educational process and violates the integrity of the community.

Plagiarism occurs when a writer (regardless of intent) uses someone else's language, ideas, or other original material without acknowledging its source.

Plagiarism includes unattributed use of any source, in any medium, published or unpublished. Work already submitted for a grade in another course may not be resubmitted unless the professor specifically states otherwise.

Some examples of plagiarism include:

- Quoting or paraphrasing material without attributing it to its source
- Copying segments from the work of others without giving proper credit
- Submitting as original work written entirely by someone else

Widely known facts do not require citation and do not count as plagiarism so long as they are communicated in the writer's own words. Ideas and observations original to the writer also do not require citation.

For more information, visit the SEU [Plagiarism page](#) on our website.

Course Evaluation

In order to help SEU to assess the effectiveness of our courses and instructors, all registered students must complete the course evaluation toward the end of the semester. **When you receive a course evaluation for this course, you are required to complete it.**

Official Withdrawal

The last day to officially withdraw from this course is October 29, 2019. Please consult the Registrar's Office for details prior to the withdrawal date.

Netiquette

Some courses require engagement with the online course platform. When utilizing the online course platform, students must demonstrate netiquette.

General Rules of Netiquette

- Make your messages easier to read by making your paragraphs short and to the point.
- DO NOT SHOUT BY TYPING IN ALL CAPS.
- Utilize humor in appropriate forms. Avoid hostile, abusive, libelous, or rude comments. No vulgar, sexist, racist, biased, or other objectionable language will be tolerated.
- Reinforce others in the course (e.g., "Good presentation!" or "Thanks for the feedback."). Valid criticism is acceptably expressed in the form of thoughtful alternatives. Do not insult or "flame" others.
- Think twice and send once. The old carpenter adage to measure twice and cut once holds great value here. Once you send something not well-thought out you will find it difficult and time-consuming to

recover. Think about what you want the group and the professor to think about you.

- Use spell-check and grammar-check. The little errors commonly accepted in email or text-messaging with friends and family are distracting and inappropriate in a college discussion forum.
- In an online discussion forum, debate is welcome, but be tactful in responding to others. Remember that there's a person (or a whole class) at the receiving end of your post.
- If you quote a previous post (by using the reply function for example), quote only enough to make your own point.
- If you want to get in touch with only one person in the class, send a message to that individual's e-mail address, not to the entire discussion list.

Basic courtesy goes a long way to a good online experience. Respond politely and promptly, be patient and expect that differences in knowledge, experience, and background may take extra effort to succeed in the communication portion of the course. Value differences, ask clarifying questions, and do not focus on confrontation. Utilize prayer and biblical relationship principles as needed. Involve the instructor when appeal to community leadership is needed.

Section 3: Course Schedule

The **Course Schedule** provides a listing of your work in this course. The assessments are listed by week and include the due dates and point values.

The course instructor may adjust the schedule throughout the semester. Students will be notified of adjustments.

Withdrawal: The last day to withdraw from this course is October 29, 2019. Please consult the Registrar's Office for details prior to the withdrawal date.

Step 1: Application to discipline-specific major

Students wishing to apply for admission to the School of Business must pick up an application for admission from the Jannetides Dean's Office. Students must familiarize themselves with the rules and requirements for admission, fill out the application for admission, and return the application to the Jannetides Dean's Office.

Step 2: Required Business Pre-core coursework with a minimum of a C- average in each course
