**Text:** Advanced Accounting, 5<sup>th</sup> Edition, by Jeter & Chaney.

**University Mission Statement:** Southeastern, a dynamic, Christ-centered university, fosters student success by integrating personal faith and higher learning. Within our loving Pentecostal community, we challenge students to a lifetime of good work and of preparing professionally so they can creatively serve their generation in the Spirit of Christ.

**Course Description:** (Prerequisite – ACTG 3123) This course reviews special topics of financial reporting and analysis and provides a detailed study of the conceptual framework of accounting, the preparation of the statement of cash flows, special reporting topics, accounting for foreign operations, and partnerships.

#### I. Purpose

This advanced accounting course represents one of eight upper level courses that complete the accounting major; and the fifth of six progressive financial accounting courses that began with Accounting I & II, was followed by Intermediate Accounting I & II, and is completed by Advanced Accounting I & II.

#### II. Objectives

- A. General Learning Objectives: This course seeks to:
  - 1. Provide a survey of the more specialized topics of financial accounting and reporting
  - 2. Provide for greater fluency in the overall applications of financial recording.
- B. Specific Behavioral Objectives. As a result of the activities and study undertaken in this course, a student should be able to:
  - 1. Describe advanced accounting theory and governmental influence on it.
  - 2. Demonstrate an understanding of standard setting applications for income presentation, EPS disclosures, leasing, taxes, and pension liabilities.
  - 3. Identify key elements in cash flow statement presentation.
  - 4. Explain the importance and application of segment and interim reporting.
  - 5. Demonstrate the ability to perform accounting in the international setting, foreign currency

transactions, and translation.

6. Summarize how to perform accounting and reporting for partnerships.

#### III. Topics

- Introduction to Advanced Accounting Theory, Standard Setting, Special Reporting Topics, and Statements of Cash Flow
- 2. Segment and Interim Reporting
- 3. Accounting for Foreign Currency Transactions and Translation
- 4. Introduction to Partnerships

#### IV. Instructional Procedures

- 1. Lecture/Discussion and Presentation
- 2. Individual and Group Problem Solving
- 3. Exams

### V. Responsibilities of Students

Information in each chapter and each assignment will provide a framework for the next topic of discussion. The pace of this course is intense, and the workload is significant. Accordingly, students must commit to the following guidelines:

**Preparation**—the class discussion will mean little if text material is not read.

**Promptness**—late arrivals disrupt the class and adversely impact the decorum of the process.

**Participation**—it is each student's responsibility to share in the advancement of the group.

**Presence**—you are responsible to find out what was missed and what may be due in the next class session if you are absent You are also responsible to turn in items due on or before their due dates, even if you are not in class.

#### VI. Academic Policies

Academic Honesty—all academic dishonesty, including plagiarism, will be reported.

**Course Material**—material will be covered in class that is **not** presented in the textbook. Exams will cover this material as well as the assigned textbook material.

**Exams—failure to take an exam on the assigned date will result in a ZERO for that test** unless I approve the absence in advance or it is an emergency that is excused by the Academic Dean. If you travel on a school-approved organization, such as an athletic team, you are responsible for submitting required material prior to your departure or via email while traveling.

Cell Phones – May not be used during class. They should be turned off!

Other—all other academic policies are described in the Student Handbook.

#### VII. Evaluation

College level work is expected and will be necessary in order to earn a passing grade. Accounting is not a math class. You cannot memorize formulas and then "plug and chug." Accounting is also not a history class. You cannot try to memorize facts the night before exams. Accounting is a practice! Students should plan on the following in order to succeed in this course:

- Read each chapter
- Actively answer the end of chapter questions and participate in class
- Work the exercises and problems until understanding occurs. This may mean working the problems, getting them wrong, reworking them, and possibly repeating the cycle. Practice is the key!
- Seek help if you still do not fully understand a concept or problem. The instructor is here for you. Your fellow classmates are wonderful resources as well.

- 1. Evaluation Activities
  - 1. Four Exams each is exam is worth 20% of your grade.
  - 2. Quizzes, Homework, Presentations, Participation, & Other Assignments this will total 20% of your grade.

	Exam I	100 points
	Exam II	100
	Exam III	100
	Exam IV	100
	Quizzes, Homework, Presentations, Participation, & Other	<u>100</u>
	Total	500 points
2.	Grading Scale	
	90% - 100% A	450-500 points
	80% - 89% B	400-449
	70% - 79% C	350-399
	60% - 69% D	300-349
	Below 60% F	000-299

#### X. Class Attendance

Students are both expected and encouraged to attend classes regularly. **Attendance means** arriving on time and being present in class with textbook, pencil/pen, and calculator. The lack of attendance may affect a student's grade. For traditional fall and spring semesters, a student may miss a class without penalty equal to the number of times a class meets per week as follows:

- 1. If the class meets once a week a student may miss one class.
- 2. If the class meets two times a week a student may miss two classes.
- 3. If the class meets three times a week a student may miss three classes.

If a student's absences exceed the number of times a class meets per week, a professor may:

- Subject the student to a penalty of not more than one letter grade based on attendance alone.
- Recommend to the Vice President for Academic Affairs that a student with excessive absences be withdrawn from the course.

Being tardy to class also counts towards your absences. I track late arrivals as follows:

- 1. If the class meets once a week, each tardy is one-half of an absence
- 2. If the class meets two times a week, each tardy is one-half of an absence
- 3. If the class meets three times a week, each tardy is one-third of an absence

The last day to officially withdraw from this course is Friday, October 26, 2012. A Course Withdrawal form (available in the Office of the Registrar or on the University website under Academics/Registrar/Forms) must be submitted no later than 11:59 PM on October 26, 2012.

#### XI. Students with Disabilities

Southeastern University is committed to the provision of reasonable accommodations for students with learning and or physical disabilities, as defined in Section 504 of the Rehabilitation Act 1973. If you think you may qualify for these accommodations, notify your instructor. You will then be directed to contact the Director of Academic Success at 863-667-5041.

#### XII. Official Communication Statement

Southeastern University requires all faculty, staff and students to use their Southeastern email address for official university communication. Students are required to check Southeastern email daily as they will be held accountable for all communications sent through this medium.

When communicating using email, your message MUST be structured in business communication format. Use proper spelling, capitalization, punctuation, and paragraphing when presenting your message to me. If you do not show this type of care when you communicate with me, your message will not be recognized. In other words, I will not read or respond to your email.

#### XIII. Course Evaluations

In order to help us to assess the effectiveness of our courses and instructors, all registered students must complete a course evaluation at the end of the semester. You <u>must</u> complete a course evaluation form for this course before your grade can be posted.

#### XIV. Additional Assistance

## **Tutoring (Academic Center for Enrichment, Modular #5)**

Provides tutoring for developmental students and all students in need of tutoring.

#### Retention (Addison Building, Office # 222)

Provides counseling for students planning to withdrawal. Helps withdrawing students find financial and other resources to be able to stay in school. Seeks to identify "at risk" students prior to withdrawal.

#### XV. Final Exam Policy

Every professor is obligated to administer a final exam or hold an appropriate class during the regularly scheduled exam period. Every student is obligated to take the final exam or attend that appropriate class during the regularly scheduled exam period. Please plan accordingly and carefully for final exams. You must not plan vacations, ministry appointments, weddings, airline flights, or any other similar activity or engagement that will conflict with the final exam schedule. Also, do not schedule any of these activities so close to your final exam that the commute to the activity conflicts with the final exam schedule. Final exams will be administered in the room where the class normally meets. Students with more than 3 exams scheduled on one day can petition the instructor and department chair/college dean to take one of the exams another day.

## FINAL EXAM SCHEDULE **Fall 2012**

Final exams will be administered December 10-13, 2012 in the room where the class normally meets. Students with more than 3 exams scheduled on one day can petition the instructor and department chair/dean to take one of the exams another day.
