

Southeastern University
Jannetides College of Business, Communication, and Leadership
Department of Aviation
AVIM 4141 Aviation Management Capstone
Official Syllabus

Catalog Description

This course is the capstone course for the major requirements and provides students the opportunity to synthesize and apply their learning in a simulated or real workplace context. Students develop a written reflection and portfolio of evidence of their readiness to enter the workforce in the aviation industry.

Prerequisite: None

Credit Hours: 3

Repeatable: Course not repeatable

Intended Learning Outcomes

Students who successfully complete this course will:

1. Demonstrate knowledge of the core concepts of the aviation industry through a simulated case study.
2. Summarize the results of your self-leadership profile and how this information will become the basis of a development plan.
3. Develop a Cover Letter and Personal Mission Statement.
4. Develop and present a professional portfolio describing evidence of readiness for entry-level employment in the aviation industry.

Version History

###/###/##### v1.0 Original course approval. Course added as an elective to the BS BPL and as part of a new AS and BS degree.
